### SUMMARY

Results-driven Ad Operations and SEO Specialist with experience steering 1,500+ digital advertising campaigns during high-traffic IPL and World Cup events at JioHotstar. Proficient in campaign trafficking, programmatic advertising, technical SEO, GA4, SEMrush, performance analytics, and KPI reporting.

### PROFESSIONAL EXPERIENCE

- JioHotstar, Ad Operations Consultant**01/2026 – 05/2026 | Mumbai
  - Anchored ad operations for high-volume live sports tournaments, managing simultaneous multi-tier ad insertions and ensuring flawless delivery during peak concurrency.
  - Deployed Video and Display campaigns including Pre-roll, Mid-roll, Masthead, and Native Ads, achieving an average 85%+ Video Completion Rate (VCR).
  - Partnered with Sales, Compliance, and Operations teams to launch campaigns within SLA timelines and maintain operational efficiency.
  - Supervised and fine-tuned CPM, CPC, and CPD campaigns, reducing under-delivery by 12% and ensuring perfect budget pacing across tournament slots.
  - Performed campaign QA, troubleshooting, and validation processes while maintaining 99%+ delivery accuracy.
  - Authored daily performance reports covering pacing, engagement metrics, and delivery trends, decreasing SLA reporting turnaround times by 20%.
- Sudha Solutions, Technical SEO Analyst Intern**06/2025 – 10/2025 | Mumbai
  - Executed keyword research and SERP analysis using GA4, SEMrush, and Google Search Console across 5+ client websites to improve organic search visibility.
  - Formulated SEO performance reports tracking keyword rankings, traffic patterns, and visibility metrics, capturing 50+ new high-intent keywords in the Top 10 SERPs.
  - Audited technical SEO infrastructure, driving a 25% improvement in Core Web Vitals and mobile page load speeds across audited client frameworks.
  - Enhanced websites built on WordPress, Shopify, Magento, and Elementor, increasing internal link equity and crawling efficiency by 15%.
  - Resolved structural bugs affecting 200+ backlinks, improving crawlability, indexing, and overall domain authority.
  - Analyzed competitor landscapes to identify search trends, content gaps, and organic growth opportunities across multiple industries.
  - Configured GA4, Google Search Console, and SEMrush while auditing 300+ URLs for metadata accuracy and search performance.

### PROJECTS

- Bulk Ad Data Verification System**
  - Engineered an automated Excel-based ad validation system for advertising JSON data, reducing manual verification efforts and improving campaign accuracy.
  - Programmed automated validation checks for data consistency, delivery tracking, and reporting accuracy, enabling faster campaign onboarding.
- Brand Mention Tracker using SerpApi**
  - Architected a real-time brand mention tracking system using SerpApi, backend scripts, and Google Sheets to monitor online visibility and search presence.
  - Streamlined data collection and reporting workflows, slashing manual monitoring efforts by 75% while boosting reporting efficiency.
  - Built scalable monitoring systems for tracking online mentions, search trends, and brand performance insights.
- SEO Strategy for Colorbar, Orra, VLC Spices, and Shramdaan**
  - Evaluated monthly SEO performance using GA4, Google Search Console, and SEMrush to isolate technical issues and search optimization opportunities across multiple brands.
  - Implemented technical SEO and on-page optimization improvements, including metadata updates, internal linking, and content enhancements.
  - Drove a 20–30% increase in organic reach through continuous search visibility optimization and performance analysis.

### POSITION OF RESPONSIBILITY

- Public Relations and Marketing Head**07/2022 – 06/2024
  - Directed public relations and digital marketing initiatives for college-wide cultural, technical, and national-level events.
  - Orchestrated multi-platform promotional campaigns across Instagram, LinkedIn, and Facebook, increasing audience engagement and event participation.
  - Secured high-profile sponsorships and brand partnerships with Hell Energy, Mogu Mogu, and GeeksforGeeks.
  - Coordinated outreach, collaborations, and cross-college communications, contributing to a 30–40% increase in event turnout.
